

# MultiOne Configurator

## LCN8650/11 MultiOne interface USB2ZigBee

Today's manufacturers are able to offer perfectly tailored lighting solutions that are intelligent and so can also be adapted to tomorrow's needs. Philips' new configurable gear units with built-in control functions allow programming of the luminaire's behaviour in order to maximise energy savings and minimise environmental impact. Philips' light configurator is the single intuitive system allowing users to configure all the different functions in every programmable driver from Philips. Creating the perfect match for the application has never been easier.

### Product data

| General Information |                               |
|---------------------|-------------------------------|
| Design              | MultiOne interface USB2ZigBee |

| Operating and Electrical |     |
|--------------------------|-----|
| Input Voltage            | 5 V |

  

| Product Data       |  |
|--------------------|--|
| Full product code  | 871829174765900                          |
| Order product name | LCN8650/11 MultiOne interface USB2ZigBee |

|                                   |               |
|-----------------------------------|---------------|
| EAN/UPC – product                 | 8718291747659 |
| Order code                        | 913700359203  |
| SAP numerator – quantity per pack | 1             |
| Numerator – packs per outer box   | 200           |
| SAP material                      | 913700359203  |
| SAP net weight (piece)            | 0.026 kg      |
